Kainz, Rolf:

COLLABORATION BETWEEN PREPARING OF PRODUCTION, DEVELOPMENT AND DESIGNING

(*Zusammenarbeit zwischen Arbeitsvorbereitung, Entwicklung und Konstruktion*)

"Zeitschrift fur wirtschaftliche Fertigung" (Federal Republic of Germany), No. 8, 1968.

With reference to production preparing and programming, the author indicates the ratio between designed costs and production preparing costs. After giving a general description of the production model and the product marketing, he suggests a cybernetic model of development research management, of designing and of production.
