HONORARY FELLOWSHIPS

The World Organisation of General Systems and Cybernetics has established a limited number of Honorary Fellowships confined to most eminent scientists in the fields of cybernetics, systems, computers and related disciplines. In effect, the group of Honorary Fellows constitutes a "World Academy of Cybernetics and Systems Scientists" and will be of great value in advancing these interdisciplinary and transdisciplinary sciences.

The following have accepted our invitation:

Professor Academician A. BALEVSKI, President, Bulgarian Academy of Sciences (Bulgaria)
Professor S. BEER, Manchester Business School (U.K.)
Professor J. BIGELOW, Princeton Institute of Advanced Studies (U.S.A.)
Professor C. CHAGAS, President, Vatican Academy of Sciences
