ADDRESS OF

PROFESSOR MANEA MĂNESCU,

PRESIDENT OF CYBERNETICS COMMISSION OF THE ACADEMY OF THE SOCIALIST REPUBLIC OF ROMANIA,

AT THE BEGINNING OF THE PROCEEDINGS OF THE NATIONAL CONFERENCE OF CYBERNETICS

We open up the first National Conference of Cybernetics in the conditions in which, through the work full of impetus and abnegation of the whole people, led by the heroical working class, under the leadership of the Romanian Communist Party, of the most beloved son of the country, President Nicolae Ceaușescu, remarkable successes are obtained in the economic and social construction of the homeland.

Our conference answers to the decisions of the XII-th Congress of the Party, which forecats in its documents concrete tasks as concerns the part played by cybernetics in the development of the country social life.

We are convinced that, through its works, the Conference will answer to the disiderata put before the cybernetic science, by the Party documents, so as to contribute to the great work of creating the manysided developed socialist society, to the progress of civilization of Socialist Romania.
